

BRACKET DRILLING TEMPLATE

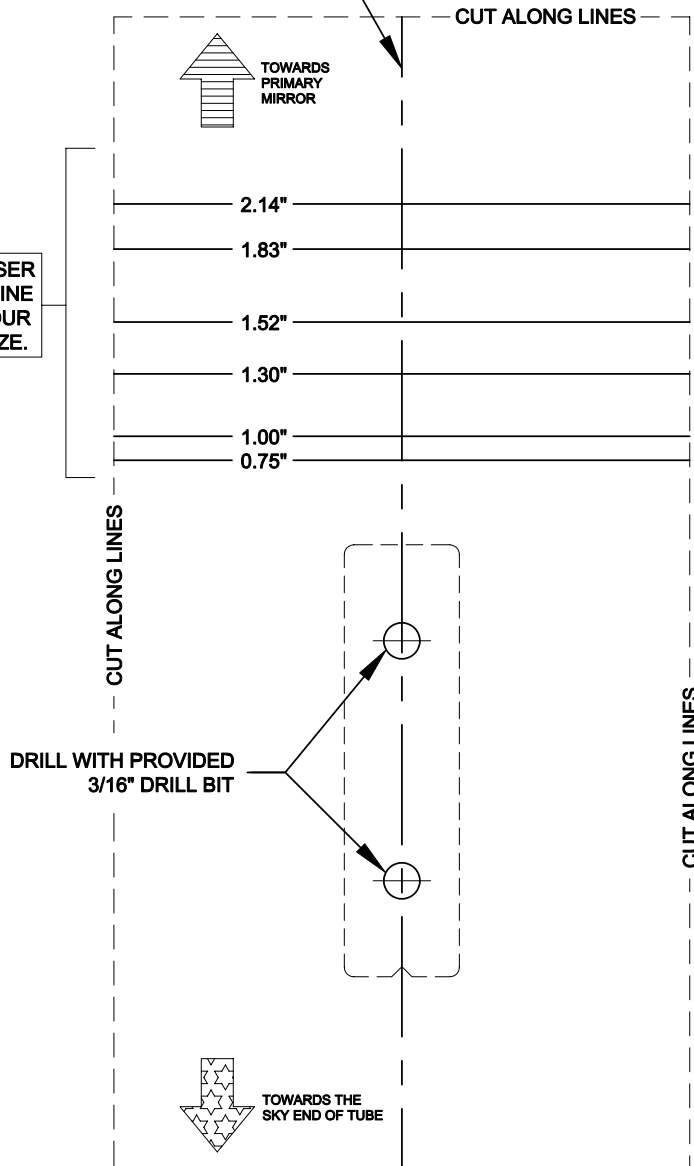

(Read installation sheet for proper use.)

IMPORTANT: If you are printing this template yourself from the Adobe Acrobat Reader® PDF document... This cross should measure exactly one-inch (25.4 mm.) along each axis. Confirm this is properly scaled if you have printed this drill template from the Adobe Acrobat Reader® document (PDF file). If the scale is incorrect, be sure to select "None" under the "Paper Scaling" in the print options.

ALIGN THIS CENTERLINE WITH THE LINE DRAWN ON YOUR TUBE IN STEP 3.

ALIGN WITH YOUR FOCUSER CENTERLINE. USE THE LINE CORRESPONDING TO YOUR SECONDARY MIRROR SIZE.

SHORT BRACKET
